

THE FOLLOWING IS A SHORT UPDATE ON CURRENT AND COMPLETED MUNICIPAL PROJECTS

- 1. The excavation for the new Briesinger regulation Soccer/Lacrosse turf field is complete. The turf has arrived and soon will be installed. There is some remaining work on a storm sewer pipe.**

- 2. The new retaining wall at the fire station is complete and the parking lot has been repaved.**

- 3. The contract for the Wet Weather Equalization Tank near the Toyota Dealership on Route 51 has been awarded to Ferri Contracting. The construction will begin soon.**

- 4. Plavchak was the low bidder on the Sunrise Sanitary Sewer Replacement Project. The contract is being reviewed and may be awarded at the September Council meeting.**

- 5. Possible design concepts for the renovation of the HVAC in the municipal building are being reviewed. No final decision has been made.**

- 6. The design is complete for the 60-year old Tassel Lane sanitary sewer pump station and force main. Environmental permits are being secured and the advertisement for bids is anticipated to be early next year.**

CURRENT NON-MUNICIPAL PROJECTS

- 1. PA American Water Company is completing the replacement of the water line and**

restoration on Betty Rae Drive.

2. PA American is replacing water lines on Grace, Faith, Sabbath, Tara and Maplevale Drives.

Deborah A. Englert, Borough Manager can be contacted at 412-655-5032 for additional details on the above projects.
