Route to the Church: *An alternate route to the parade line-up area for those traveling north from the Elizabeth Bridge (Route 51) area:*

Take Route 51 north until you reach the traffic light at East Bruceton Road (there is a BP station on the corner). You will be making a left turn onto East Bruceton. At the first stop sign, make a right onto Delano Drive, travel past Lynn Drive and then left onto Nantucket Drive. Continue on Nantucket, which will turn into Audrey Drive. There will be parade volunteers at the intersection of Audrey and Caryl Drives who will be there to direct you to your specific staging area.

There will also be a drop off area for marchers in the parking lot of the Church off Caryl Drive. After dropping off, please exit the lot to the right onto Caryl and then left onto Constitution to East Bruceton.

These directions must be followed to avoid bottlenecks around the line-up area.

Your cooperation is appreciated!

There will be NO PARKING in the lots or on the streets in the line-up area unless that vehicle is actually in the parade itself.

Sorry, no exceptions can be made.

Please arrange to carpool whenever possible. It is a great way to "go green" and will reduce traffic congestion on Parade Day. Thank You!!
